

Lesson #1: Digital Citizenship

Discussion Record Keeping Sheet

Group Members:

Element of Digital Citizenship:

After reading about all nine elements of digital citizenship, use the following record sheet to summarize your discussion about the digital element in relation to your own experiences.

1. What are some examples of how this element of citizenship applies to your home use of technology?
2. What are some examples of how this element of digital citizenship applies to your school use of technology?
3. How (in what ways) does Regina Catholic Schools address this element specifically?
4. How would you rate your individual knowledge and ability to be a good digital citizen for this specific element of digital citizenship?
5. What suggestions would you have to improve this area of digital citizenship in the classroom and in the school?
6. What suggestions would you have to improve this area of digital citizenship in the school?
